

# ME Series Euro Mortice Locks

Mortice locks & general  
hardware

To accommodate the worldwide trend towards mortice locks with lever furniture, ME Series Euro Mortice Locks have been introduced to extend the Schlage residential product range.

## Features

- 8mm spindle with smooth lever operation
- Deadbolt with hardened steel saw-resistant inserts offers a high level of physical security
- 25 degree follower springing action for positive lever return
- Locks have a cylinder to latch function where both latch and deadbolt can be withdrawn by key or thumb turn
- Easily reversible handing application eliminates lock case dismantling, allowing quick and trouble free on-site handing
