

Spacious WheelHouse living: open design, one level, maximised space

The Bretts Inglewood sawmill purchased by Bretts in 1946 and was one of the largest of 15 sawmills owned and operated by Bretts, although sold in the 1990's is still milling Cypress Pine today.

Find out more about Bretts long history at: bretts.com.au/company

Inglewood 9.5

Introducing the Inglewood 9.5, a thoughtfully designed living space that offers even more room for your convenience. This model builds upon the features of the 8.5, incorporating a two-way bathroom and positioning the bedroom at one end for added privacy from the living area.

The kitchen has been expanded to provide ample space, boasting a full wrap-around design that mirrors the configuration found in larger homes. With this upgrade, you can enjoy a functional and spacious kitchen that exceeds your expectations.

Overall, the Inglewood presents a highly practical design, prioritising maximum comfort without compromising on space. It offers a harmonious blend of functionality and roominess, making it an ideal choice for those seeking a cozy yet spacious living environment.

We understand that everyone has unique preferences, which is why all our WheelHouse models can be fully customised to cater to your individual needs. Experience the flexibility and adaptability of our designs, ensuring your new home perfectly aligns with your lifestyle and preferences.

Please note that certain images featured in this brochure showcase non-standard inclusions. Decks and external structures, while not included in the standard configuration of our models, can be added upon consultation with a sales consultant. We encourage you to reach out to our knowledgeable team for further clarification and to discuss your specific requirements.

Plywood ceiling lining

We provide three building stages to meet your individual requirements.

Frame: The Frame stage involves the construction of the sub-floor and walls erected on a trailer. This stage provides you with a solid foundation and the basic structure of the house. Once the frame is completed, you have the flexibility to customise and finish the interior and exterior of the house according to your own style and requirements. Average time from deposit payment is 4 weeks.

Lock-Up: At the Lock-Up stage, we focus on the essential structural elements of the house. This includes the frame, external cladding, and roof. By completing this stage, you will have a weatherproof shell that protects the interior of the house. From here, you can proceed with customising the interior according to your preferences and needs. Average time from deposit payment is 6 weeks.

Turn-Key: This option offers a fully finished and ready-to-move-in house. It includes all the necessary interior and exterior finishes, fixtures, and fittings. With the Turn-Key stage, you can simply walk in and start living in your new home without any additional work or customisation. Average time from deposit payment is 12 weeks.

With these three building stages, we offer a range of options to suit your specific needs and allow you to have the level of involvement and customisation that you desire.

Fulfilment Stage Design Stage Fitout Stage **Production Stage** Structural Stage Quality check, inspection Pre-production Trailer completed All external works All internal works and handover Week 1 Week 2 Week 5 Week 8 Week 12

Standard Plan

How to Buy a WheelHouse

When choosing a tiny house, consider your needs and preferences. With a wide variety of sizes, styles, and amenities available, finding the right one is crucial. Whether it's for personal use, renting it out on Airbnb, accommodating a family member, or serving as a granny flat, the purpose of your tiny home should influence your decision. Keep in mind your intended usage and plan accordingly.

Consider your priorities and select a design that incorporates the features you value. For ample storage space, seek a tiny house with abundant cupboards and shelves. Make sure to choose a design that meets your specific needs.

To receive a quote, please make a request by providing your preferred model and the specific inclusions you desire. Once we have this information, we will prepare a comprehensive package with the final price for your consideration.

To place your order, simply sign the purchase contract and submit a 20% deposit payment.

Our sales consultants are available to assist you at every step of your Tiny Home purchase.
