Demolition Breaker 30mm Hex

Ergonomically designed handle with easy-to-operate slide switch adds comfort and control and reduces hand fatigue and pain even in long continuous operation. Rubberised soft grip provides more comfort and control. Electronic with variable speed control by dial. LED service light that indicates when to replace carbon brush. Soft start for suppressing start-up reaction. Constant speed control. Long size carbon brush for extended life. High durability achieved by strengthening of key parts such as barrel or gears
