**ENTRANCE  
LOCKSET  
WITH ONE  
TOUCH  
LOCKING**

...: ONE TOUCH Locking

To lock the door quickly just press the button, close the door and the door is locked. From the outside you require a key to open. With the incorporated dead latching pin this means that your door is secure. If you want to unlock the door from the inside or get out in an emergency there is no need to find a key. Just operate the inside lever, this action will return the lock to the passage mode.

...: PLUS Double Cylinder Deadbolt Security

For times when you need the added security of a double cylinder deadbolt, just turn the key and throw the deadbolt. In this mode the lock can only be opened from either side with a key.

...: PLUS Passage Mode

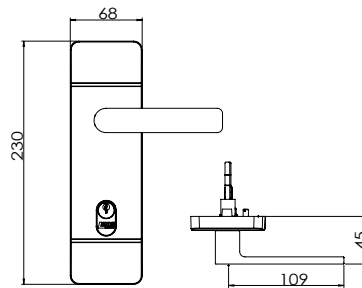

In this mode the entrance set is not locked and allows access from either side via use of the lever. Allowing you to go to the mail box or the kids to play in the yard without the need to carry a key.

The **Lane Touch Plus** has been designed to enhance both the look and security of your entry doors. With advanced security features such as antipick and anti bump cylinders combined with the convenience of one touch locking plus deadlocking it has all of your security needs covered.

## THE LANE HISTORY

In 1919, Henry Lane opened a factory in Newcastle NSW to produce rabbit traps that were in great demand by farmers to fight the rabbit plague. In just a few short years the company's product range had expanded to include such items as can openers, carpet sweepers, spirit stoves and of course locks.

In the 1920's Lane manufactured the first Australian made rim lock. Although there have been other products along the way door locks & door furniture have remained the core competency of Lane.

In the 1990's Lane made a decision to specialise in door hardware and added security to its name.

Today Lane Security™ is proud to partner with Crime Stoppers Australia. Through this partnership our goal is to inform and educate Australians, to improve both their home security and personal safety.

*Established 1919*

ITW Proline warrants that this product will be free from defects in workmanship and materials for a period of 7 years from the date of acquisition by the original consumer. If a defect in material or workmanship becomes evident during that period ITW Proline will, at its option, either repair, replace or refund the product. In the event of such a defect, the product should be returned to us (with proof of purchase and the original packaging) at the address below, together with written details of the defect. Any handling or transportation expenses (and other expenses incurred in claiming under this warranty) are not covered by this warranty and will not be borne by ITW Proline. In addition to other rights and remedies that may be available under law, our goods come with guarantees that cannot be excluded under Australian Consumer Law (for consumers in Australia) and the Consumer Guarantees Act (for consumers in NZ). If you are a consumer in Australia, you are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. If you are a consumer in New Zealand, we will comply with our obligations to you under the Consumer Guarantees Act.
